

# AWAKEN The Music of YES

## About

AWAKEN has provided its fans with the most authentic live Yes show in the world.

Every song is researched, analyzed and dissected to create arrangements combining elements of the original studio material with the most powerful and beloved live performances from Yes' Golden Age.

Each AWAKEN set is crafted to take the concertgoer on a specific journey: be it a selection of hits and fan favorites, or a specific album or theme. Accompanying the live shows are custom created HD videos played behind the band (at venues that provide screen projection). And AWAKEN brings state of the art sound quality to each show, by providing direct audio signals to venue soundboards and eliminating all stage volume. AWAKEN uses no amps, nor requires stage monitors.
