About

YouTube is a video sharing platform that allows users to upload, view, and share videos, ranging from movie and music clips to amateur content. It serves as a global forum for connection, information sharing, and inspiration, while also acting as a distribution platform for original content creators and advertisers. YouTube fosters a creative and collaborative work environment where employees have a voice in decision-making and product development, operating with the agility of a startup despite being part of Google. Headquartered in San Bruno, California, YouTube offers job opportunities in various locations worldwide.

Short bio

YouTube is a global video-sharing platform for uploading, viewing, and sharing music clips, movie clips, amateur content, and original work.
