

# Green River Revival

## About

If you are searching for North America's most authentic sounding CCR tribute, look no further than Canada's own Green River Revival. Their live CD sounds so much like Creedence Clearwater Revival that producers at the CD company thought it was the real CCR. The members of this band have played in CCR tributes across Canada, Scandinavia and the U.S. for the past two decades and have now joined together to bring you the ultimate Creedence Revival. Most people don't realize just how many songs they actually know in the show that features hit after hit. Always delivering first class entertainment, these boys have entertained thousands and are a favourite with First Nations, theatres, casinos, festivals and motorcycle rallies. Green River Revival's Roadshow features the Bayou Swamp stage set up — the whole stage looks like the band is playing in the middle of the swamp complete with alligators.
