About

Journey USA is the closest thing to '70s & '80s Journey music you'll ever hear!

Just ask Steve Perry, who once hired Journey USA's lead singer to do vocal work on his solo album. Add the rest of the band—a keyboard player from Grammy-award winners Survivor, a guitarist who played and penned multiple hits for Great White in the '80s MTV era, a drummer who, alongside the guitarist, tours with Great White today, and a bassist who performs with Iron Butterfly's, Mike Pinera—and you have Journey USA!

The most talent-packed Journey tribute band available captures the signature sound of the supergroup with hits like Don't Stop Believing, Open Arms, Separate Ways, and Any Way You Want It, every song executed with stunning precision!

Since its inception, Journey USA has delivered high-energy performances to thousands of fans at casinos, fairs, festivals, private functions and corporate events, its members frequently appearing on AXS TV's World's Greatest Tribute Bands.

If you want the best possible Journey experience out there, look no further—it's Journey USA!
