About

With a deep appreciation for the distinctive sound and heartfelt lyrics in the voice of the unforgettable Dolores O'Riordan, lead singer of The Cranberries, Linger pays homage to the band's memorable hits and timeless classics.

LINGER is the only tribute to this multi-hit band in all United States, and it started in April 2022 based in Denver, Colorado. They have kept the same formation since then.

Their most important hook as a tribute to The Cranberries, is the original voice of their lead singer Mary Kate McNally. It will never exist someone that sings like Dolores, but Mary Kate doesn't try to imitate her or exaggerate Dolores peculiar yodeling and voice, but her interpretation is very similar. Additionally, the passion the band has for The Cranberries music along with their energy on stage, creates a wonderful connection with the audience!

Songs like Zombie, Linger, Dreams, Salvation, Just my Imagination, Ode to my Family, When you're gone, Animal Instinct, are just some of the hits that you will recognize immediately and take you back to high school or college times.
