

SLAVE

Photo unavailable: SLAVE

About

SLAVE has performed at many venues across the globe, and locally. Venues across America such as Dane Dance in Madison WI, Kentucky County Fair, The Horseshoe Casino in Hammond and The Hard Rock Casino in Indiana, Arcada Theater, Washington Park, Festival of Life, The Yellow Box, and many other national venues. We can work very well with sound engineers in that we provide a professional stage plot easily readable for your stage crew. We have a dedicated person to work with your team so as to have a premium sound. If needed, we can bring our concert mixing system on wheels to plug directly into your system to minimize the time for soundcheck and provide a good starting point for your sound engineer. Please rest assure we are a team player and would do everything to help make your event a total success. And, we will guarantee a professional experience for your fans. Below are pictures and links to a couple of our stage performances.

Short bio

SLAVE has performed at venues across America and internationally, with experience at casinos, theaters, fairs, festivals, and other national venues. The band provides a clear stage plot, coordinates with sound engineers, and can bring a concert mixing system to help streamline soundcheck.

Full press bio

SLAVE has performed at venues across the globe and throughout America, including casinos, theaters, fairs, festivals, and other national venues. The band provides a clear, readable stage plot and a dedicated team member to coordinate with your sound crew. When needed, SLAVE can bring a concert mixing system on wheels to connect directly to your system, helping minimize soundcheck time and give your engineer a strong starting point. The band emphasizes teamwork, organized production, and a professional experience for event fans.

Tagline

Live performance backed by organized stage support and practical sound coordination
