

The Kenny Rogers Band

About

The Kenny Rogers Band is THE BAND.... the band who toured with Kenny Rogers for over 40 years, to more than 50 million fans, and 5000+ performances world-wide!

Our group and the tours where we have performed with Kenny over these many years, represent decades of experiences and adventures that put us in a unique category that is head and shoulders above just "some guys" who put together a Kenny Rogers sound-alike show.

What we deliver, is not only THE sound that backed Kenny over the years but, in addition we offer first-hand stories of adventures while on the road with Kenny as well as a viewpoint of Kenny's music that can't be proffered by anyone else. In addition, we present a multi-media presentation with videos and photos of the years on the road with Kenny that provide the audience an engaging experience unlike any other.

In the Kenny Rogers Band show, of course, you will hear all of the mega-hits from Kenny's legendary career, but also, we present other fan favorites that only occasionally made it into the normal tour song list.

The 2-hour+ show is a not to be forgotten, wonderfully unique glimpse into the touring world of Kenny Rogers, through an evening of the music and memories honoring Kenny and his Legendary Career!
